Certified International Trade Manager(CITM)

- A Certified International Trade Manager® (CITM®) is a senior international trade manager. This is the highest level of industry certification. It is for senior career professionals, or individuals seeking to attain senior-level management positions within their organization. This certification shows employers that you have the practical experience and have also developed the skills and knowledge of international trade to the managerial-level. You have shown that you are capable of managing the strategic development of international trade and in maintaining international relationships.

Benefits to you:

- Career Advancement: Prepare yourself for career advancement into important international trade management positions.
- Skills, Knowledge and Experience
Verification: Let your certification verify that you have the skills, international trade knowledge and industry experience needed to fill important international trade management positions.
